## BOHN

### SYPHON REFRIGERATOR

Rapid circulation and superior insulation keep the air so cold and dry that ice melts very slowly and food flavors and odors do not mix.

You can strike a match on food chamber wall. Crackers stay dry and crisp. Even salt will stay dry. Bottles do not become wet and stinky.

Try the above tests in YOUR refrigerator. Then come in and let us show you the many other Bohn features—porcelain—steel round-cornered lining, from drain, etc. Or write for a catalog. Refrigerators from \$25 up.

Is it gifts you seek? For, if it should be—

IT is commonly accepted by New Yorkers that Ovington's is the place from which gifts of certain smartness come.

This partly because of the compelling charm of each gift in itself and partly because good gifts are shown in a variety unequalled in the great cities of the earth.

For here at Ovington's, at prices universally approved, you will find gifts of Sheffield, of China, of Rare Glass, Oddities of a Hundred Kinds, and Furniture, Mirrors and Lamps as well.

And, when all is said and done, where else will you find their like?
